In my school the head mistress is SILVANA PATERLINO.

She is a nice person, but she is strict.

School starts at five to eight and on Monday, Wednesday, Thursday and Friday the school finishes at half past one.

On Tuesday it finishes at five past four p.m.

The morning has got six hours and two breaks.

We are in the second class on the second floor.

In my class there are nineteen pupils.

Our subjects are:

Maths, Science, Italian, English, French, Technical Ed., Physical Ed., History, Geography, Religious Ed. and Art.

The most important teacher is F.Ceretto.

She teaches Italian, History and Geography.

Quario is our Science and Maths teacher.

Our English teacher is Broccardo and our French teacher is Giovine.

The Art teacher is Antonaci and the Religious Ed. teacher is A.Falchi.

The Physical Ed. teacher is Giainianni.

The school has got two Gyms.

They are very big.

In the Gym we can play volleyball, football, basketball and hit ball.

We can do athletics:

We can run, we can jump.

There is an Art room, too.

In my school there are a lot of rules, the most important are:

-we must be polite to teachers and to our school mates;

-we mustn't run in the corridors;

- we musn't bring fire-crackers in the school;
- we musn't bring and eat chewin-gum;
- we musn't talk in the class.

In the morning there are two breaks, they last ten minutes.

During break we can eat our snacks.

There is one break after or before we go to the canteen, too.

The canteen has got three rooms.

I eat in the canteen once a week.

We have a break after the canteen and we play football or we run.

On Tuesday I sometimes eat at home and I go to school at a quarter to two p.m.

I don't like school, but I must go!
